## SENATE PASSES ADAMSON EIGHT-HOUR BILL WITHOUT AMENDMENT

BY A VOTE OF FORTY-THREE TO TWENTY-THREE THE SENATE PASSED BILL IN SAME FORM AS PASSED BY HOUSE FRIDAY.

Brotherhood Leaders, When Assured by Administration Leaders that Bill Would Pass Senate, Prepared Code Messages to be Sent to All Their Organizations Throughout the Country Calling Off the Strike, Which Was Set for Tomorrow Morning — Senator Sherman, Republican, Assailed Efforts of the Railroad Men and Other Labor Organizations to Prevent Passage of the Compulsory Arbitration Law and Charged Wilson With Making a "Petty Political Bargain" on the Eve of Election — Wilson, Although Busily Engaged in the Notification Ceremonies at Shadow Lawn, Kept Constantly in Touch With the Situation at Washington and Anxiously Awaited Passage of Bill Through Senate.

WASHINGTON, SEPT. 2.—THE ADAMSON EIGHT-HOUR DAY BILL WHICH THE BROTHERHOOD LEADERS SAID WOULD AVERT THE STRIKE SCHEDULED FOR MONDAY, WAS PASSED BY THE SENATE THIS AFTERNOON WITHOUT AMENDMENT BY A VOTE OF 43 TO 28.

A revocation of the strike order is expected within a few hours.

With the time for a vote on the eight-hour bill in the senate tentatively fixed for six o'clock, the general debate occupied the attention of the senate with indications that the completed measure would pass the senate and be in Wilson's hands tonight. The president kept in close touch with the situation here, although he was busily engaged in the notification ceremonies at Shadow Lawn.

The first official statement that the passage of the bill would be wholly satisfactory to the Brotherhoods came from A. B. Garretson, the spokesman for the Brotherhoods, today. He said: "Just as soon as the house bill un-amended becomes a law, the strike order will be recalled."

Senator Sherman, republican assailed the efforts of the Brotherhoods and other labor organizations to prevent the passage of a compulsory arbitration law and charged Wilson with making a "petty political bargain" on the eve of election.

Every effort was used in the senate to pass the bill in its original form, fearing that any amendment might throw the negotiations into an indefinite stage.

Anticipating the passage of the eight-hour day bill in the senate without amendment and the rushing of it to Wilson in New Jersey, the heads of the Brotherhoods had code messages to local union officials ready revoking the strike order sent out early in the week.

At a meeting of the thirteen Brotherhood officials this afternoon it was formally decided that a cancellation of the strike order would not be sent out until the president had actually signed the bill. Another meeting of the Brotherhood officials is being held tonight, after the senate had passed the house bill. At this time there is a possibility that this decision might be changed.

### Strike Order Rescinded.

The Associated Press last night sent the following flash to all its subscribers upon passage of the Adamson bill in its original form which was accepted by the Brotherhoods: Ardmoreite, Ardmore "Strike Order Rescinded." Signed, Associated Press.

### WEATHER FORECAST

New Orleans, La., Sept. 2.—The weather forecast for Oklahoma for Sunday is generally fair.

### UNCLE SAM GENEROUS TO THE FLOOD SUFFERERS.

Selma, Ala., Sept. 2.—Alabama has worked a new scheme in caring for the thousands of flood sufferers. The federal government was called upon for aid, and readily responded. It provided rations at the rate of 50 cents' worth per day and proposed that the state furnish tools for the destitute to work the roads. In short, the federal government paid the men 50 cents per day in rations to work the roads, while the state furnished the tools.

## STREET CARS ON REGULAR SCHEDULE

BEGINNING ON MONDAY THE TRACTION COMPANY WILL GIVE HALF HOURLY SERVICE OVER LINE COMPLETED.

I. M. Putnam stated yesterday morning that beginning Monday the traction company would begin regular half hour service over the line already established and as fast as possible the lines would be expanded as public demands necessitated.

The first car was operated Friday night and yesterday a schedule was maintained. So far it is planned for the first car to leave the car barn north of the city limits at 6:15 a. m., arriving at the Santa Fe at 6:25.

Leaving on the half hour from the Santa Fe the cars will return to their base and be operated on the even and half hour schedule during the day. This schedule may be changed Mr. Putnam states according to the demands of the public. The street car service will be welcomed by the public. It has been sadly missed during its suspension, and the citizens as a whole hope that the company will within a short time extend the lines to the Whittington park and fair grounds and complete a belt line to Rose Hill cemetery.

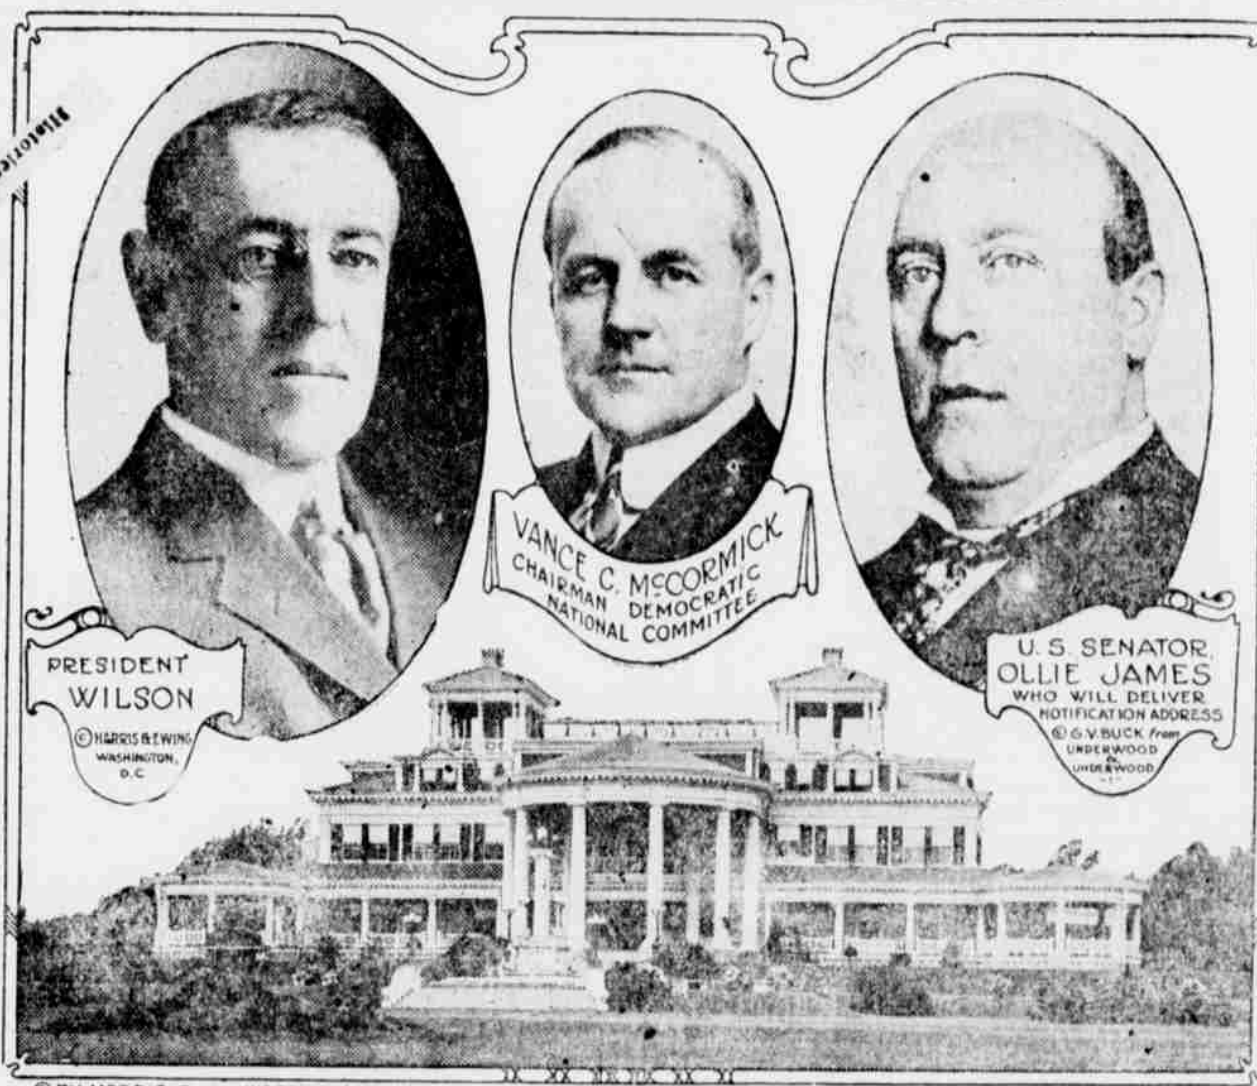

The present owners are in a position to profit by the mistakes of the former operators of the line and they seem to have a pretty firm grasp of what the public needs and will no doubt give it to them.

Just when the line will be in operation to Lorena park has not been stated, but in all probability it will not be long as there is a good demand for travel in this direction, to the country club and the city and road and gun club lakes which lay but a short distance from the terminus of the road.

### War Keeps Americans at Home.

New York, Sept. 2.—New York is very happy. Hereafter the ancient hen fruit will make itself known before the hungry diner gets its aroma. From now on every cold storage egg offered for sale in other than the original unbroken packages must have "Cold Storage" on its shell. Last winter the state department of foods and markets had much trouble with grocers and delicatessen dealers who, by cunning arrangement of their cold storage signs, fooled customers into buying cold storage eggs which they believed were fresh laid. The practice got to be so widespread that city people were swindled in that way out of more than \$100,000.

## SCENE OF THE NOTIFICATION CEREMONY AND THE PRINCIPAL PARTICIPANTS.

BY MORRIS FROM UNDERWOOD & UNDERWOOD, N.Y.

## GREEK REVOLUTION SPREADING KING'S CONDITION UNCHANGED

MARTIAL LAW HAS ALREADY BEEN PROCLAIMED IN ATHENS, PIRAEUS AND SEVERAL OTHER CITIES OF GREECE, ESPECIALLY IN NORTH.

Following a Two Hours' Conference with Constantine, Which Gave Rise to Persistent Rumors, Premier Zaemis Issues Statement that Greece Will Maintain a Policy of Friendly Neutrality Toward the Entente Allies, While Awaiting Events—Belligerents Asked to Preserve Ancient Monuments and Other National Treasures in Event of Military Operations in Greece or Siege or Bombardment—Germans Claim to have Retaken Some of the Trenches Lost to the French on the Somme Front Near Estres—Russian's New Offensive in Galicia Has Resulted in Further Advance Toward Lemberg and Near Hungarian Border.

After repeated violent attacks last night, the Germans re-occupied a part of the trenches taken recently by the French on the Somme front south of Estres, says a Paris statement.

The Germans were forced from a small area of trenches northwest of Delville Wood in the Somme sector, says a British announcement.

The Bulgarians have returned to the attacks on the western end of the Macedonian front and an assault was delivered by them in the Veternik sector, but was repulsed, adds the war office.

The Austro-Hungarians repulsed the Roumanians again near Orsovo and Hercules Fuerdo, on August 31, says a Vienna statement, dated yesterday, which adds that the Transylvania towns of Nagy, Szeben-Hermanstadt and Seps, north of Kronstadt were evacuated by the Austro-Hungarians Wednesday.

The Russian troops in Champagne routed a German contingent northwest of Auberville, after a spirited engagement, says a Paris statement.

The new Russian offensive in Galicia has resulted in further advances toward Lemberg and near the Hungarian border, where after a desperate resistance the Austrians were repulsed everywhere, says a Petrograd statement.

### Revolution is Spreading.

Rome, Sept. 2.—The revolution in Greece is spreading and martial law has been proclaimed in Athens, Piraeus and several other cities, according to information here. The uprising is spreading to Thessaly and Epirus, which with Greek Macedonia, where the movement was inaugurated

From the same source comes the information that the condition of Constantine is reported serious.

### Greece May Remain Neutral.

London, Sept. 2.—After an audience, lasting two hours Thursday with Constantine, which gave rise to persistent rumors, Premier Zaemis said that Greece would maintain a policy of friendly neutrality toward the entente allies, while awaiting events, according to an Athens dispatch to the Exchange Telegraph. Another message from the same source says that the Greek government has sent a note to the belligerent powers asking them to preserve the ancient monuments and other national treasures, "during the military operations in Greek territory and in the event of a siege or bombardment."

### Republicans Select Delegates.

Yesterday afternoon the representative Republicans of this county met at the court house and selected the following delegates who will represent Carter county at the state convention at Oklahoma City, September 12:

J. C. Anderson, D. Redfield, E. L. Gregory, Jake Bodovitz, Sam Baird, E. E. Noble, Wm. Montgomery, Pat Boyle, Walter Colbert, R. A. Simpson, J. C. Lively, J. M. Arnold, G. A. Ramsey and W. S. Wolverson. Alternates, J. W. Harrell, L. S. Dolman, C. J. Gill, Sam Owens, W. B. Johnson, Tom Horton, Sam Butler, Sam Noble, S. E. Drummond, J. P. Taylor, Bob Hutchins, R. A. Diggs, Bob Howard and J. M. Arnold.

A Hughes and Fairbanks club was organized with Sam Butler as president and G. A. Ramsey vice president and Lloyd Noble as secretary.

Save your nickels and buy a motor car. In three years a Minneapolis hotel engineer got together \$929 Buffalo 5-cent pieces. He took them

## PREPARING ARMY FOR ALL EMERGENCIES

MOVING TROOPS CARRY EXTRA SUPPLIES; MAY BE USED FOR RAILROAD SERVICE IN EVENT OF STRIKE.

Washington, Sept. 2.—National guard regiments and regular coast artillery companies, en route to or from the border, have been ordered equipped with extra supplies for the journey against the possibility that a general railway strike will delay their movements.

Secretary Baker and other war department officials refused today to discuss reports that the 15,000 guardsmen suddenly ordered northward last night were being moved as a precaution against strike violence. The states to which the troops are returning are those where only a small portion of the guard was not called into the federal service and in most of them large railway terminals are located.

Approximately 30,000 troops are under orders to move to or from the border and many of them will be en route on Monday morning, the time set for the strike. Army officials indicated today that if the troop trains were caught in a tie-up the men would detrain and make camp at whatever point they are to await instructions. If congress does not authorize the drafting of train crews for military purposes, soldiers might be used to run the trains. Every regiment commander has the names of men under him who could drive an engine or do trainmen's service if an emergency arose.

As long as the regiments ordered north remain in the federal service they are not subject to the call of the governors of their states and their participation in strike duty would have to be on the same basis as regular federal troops.

### SUSPECT MAY BE FAY.

Man Held at Corinth, Miss., Believed to Be Escaped German.

Corinth, Miss., Sept. 2.—A man held by the authorities here answers the description of Robert Fay, who escaped from the federal prison at Atlanta recently. He was arrested here and is being held pending advice from Atlanta. Fay, who was convicted of attempting to blow up munition ships is believed to have been headed for Mexico.

## GOOD RAIN ALL OVER THIS PART OF OKLAHOMA

ANOTHER GOOD DOWNPOUR FRIDAY NIGHT AND SATURDAY WILL BE GREAT BENEFIT TO CROPS IN THIS SECTION.

Another heavy rain fell over this entire section Friday night and Saturday that will be of great benefit to the cotton crop.

Wheat growers all over the country are elated and say that they will begin immediately to prepare for a large acreage another season.

The recent rains have put a different phase on the cotton situation and the crop will be much heavier than at first anticipated, this together with the prices prevailing around the fifteen cent mark will put this entire section in good shape financially.

Farmers as a rule throughout this section are in better financial condition than for several years. There has been a tendency to diversify which is gradually putting the industrious renter in the independent land owners column, and large land owners as a rule are encouraging this by rendering this ambitious class valuable assistance. More poultry and hogs are being grown every year and the attention paid to gardening has had a healthy tendency toward making the farmers family independent of the grocery store.

## EVERYTHING CLOSED HERE ON LABOR DAY

NO SET PROGRAM ARRANGED FOR BY TRADES COUNCIL BUT ALL PLACES OF BUSINESS IN CITY AND COUNTY CLOSED.

While there has been no set program arranged for labor day by the central trades and labor council of this city, the day will be generally observed tomorrow by all lines of industry.

The banks and federal offices will be closed, the city and county officials will take a holiday and for the most part all the retail stores will remain closed all day with the exception of those who will be obliged to make morning deliveries.

Next year the trades council is going to make an effort to have the county fair opening conform to labor day either for the opening or closing date and will participate with the association in making the day a big success.

### MINERS RESUME CONFERENCE.

Coal Operators and Miners of Texas Trying to Reach Agreement.

Fort Worth, Sept. 2.—The conference was resumed here today between the Texas coal miners and the operators in an effort to adjust the wage difference.

### They Should Worry.

New York, Sept. 2.—Despite the infantile paralysis epidemic, the shark scare, the threatened shortage of carbonated gas and the decrease in the pickle crop, the old town is full of visitors. This annual summer visitation is nothing new, but this year it happens to be the greatest in the history of the city, and there are signs and indications that it will last into the autumn days. It is estimated that over a half million New Yorkers have gone away for the summer. In their place have come on an average between 250,000 and 300,000 visitors every day for the past month. The hotels are so swarmed with guests and applicants that the usually insatiable managers are both pleased and non-
